New Business:

No new business

Old Business:

PORT – Tracy Pederson is working hard to get this program up and running. Sue and Tracy have been working to make sure that the training that the officers and treatment staff need is provided. We are looking for financial assistance for the PORT Bags and vest for the treatment providers to wear during visits. The resource packets and protocol were reviewed and we are just awaiting final approval from the judges. There does not appear to be a good time to actually start the program, it was agreed that we just need to start meeting and going out on visits so that the coalition can concentrate on another project.
