Discussion continued about the Post Overdose Response Team (PORT). Major Barbee stated that the Pike County Sheriff is now carrying Narcan and we will have the full support of the Sheriff's Office for the PORT. He is collecting the data from the reports each time that Narcan is used by an officer. He wants to identify trends on locations. Tracy is still working with Sue Peek on gathering all of the resources and personalizing the model we have from the Colerain Township QRT. Melinda brought a rough draft of the brochure with Pike County information. It was decided that the treatment providers and law enforcement should hold a meeting for PORT on April 6 at 9:00 am at the new Sheriff's Office. We will ask Terri Minney to attend the meeting to go over all the items we need to have in place to start the PORT team. We would also like to involve Waverly and Piketon Police Department.
